JANUARY TRIP TO TOMALES BAY AND TOMALES STATE PARK

About 15 people met at 4 a.m. to go owling. It rained from then until sunrise; and, unfortunately, only two owls—a Saw-whet and a Screech—were heard in the Tomales State Park.

At daybreak we went to the north end of Drake's Estero, where we had very good views of a Peregrine Falcon and a small flock of Whistling Swans. Then at 9 o'clock we met more birders at the Inverness store. Among them was a visitor from Missouri, Bob Quade, who saw 39 life birds during the day. He said it was the most thrilling trip of his life.

From Inverness, we worked our way around to Dillon Beach. Just north of Pt. Reyes Station, we saw our best bird of the day, a Ferruginous Hawk, and a life bird for many of the party. The bird was hunting over the grass-covered hills beside the road, and we were able to see the pale-colored tail, light underparts, rufous color on the top of the wings, and the white patches at the base of the primaries. Near there, too, John Ralph saw a Bald Eagle on a telephone pole. At Dillon Beach we saw a Red-necked Grebe and a Short-eared Owl.

In the late afternoon a few of us went to Mrs. Miller's home in Inverness, where we saw in her garden a Slate-colored Junco and two White-throated Sparrows.

The following 121 species were seen or heard during the day: Common, Artic, and Red-throated Loon; Red-necked, Horned, Western, Eared, and Pied-billed Grebe; White and Brown Pelican; Double-crested, Brandt's, and Pelagic Cormorant; Great Blue Heron; Common and Snowy Egret; Black-crowned Night Heron; Whistling Swan; Black Brant; Mallard; Pintail; Green-winged Teal; American Widgeon; Redhead; Canvasback; Greater and Lesser Scaup; Common Goldeneye; Bufflehead; White-winged, Surf, and Common Scoter; Ruddy Duck; Red-breasted Merganser; Turkey Vulture; White-tailed Kite; Cooper's, Red-tailed, Red-shouldered, and Ferruginous Hawk; Bald Eagle; Marsh Hawk; Peregrine Falcon; Sparrow Hawk; California Quail; Ring-necked Pheasant; Common Gallinule (C. Sather); American Coot; Black Oystercatcher; Snowy Plover, Killdeer; Black-bellied Plover; Surfbird; Black Turnstone; Common Snipe; Willet; Greater Yellowlegs; Least Sandpiper; Dunlin; Western Sandpiper; Marbled Godwit; Sanderling; Glaucous-winged, Western, Herring, California, Ring-billed, Mew, Bonaparte's and Heermann's Gull; Forster's Tern; Band-tailed Pigeon; Screech, Short-eared, and Saw-whet Owl; Anna's Hummingbird; Belted Kingfisher; Red-shafted Flicker; Acorn, Hairy, and Downy Woodpecker; Black and Say's Phoebe; Horned Lark; Steller's and Scrub Jay; Common Raven; Common Crow; Chestnut-backed Chickadee; Bewick's and Long-billed Marsh Wren; Mockingbird; Robin; Hermit Thrush; Ruby-crowned Kinglet; Water Pipit; Cedar Waxwing; Loggerhead Shrike; Starling; Orange-crowned, Myrtle, and Audubon's Warbler; Yellowthroat; House Sparrow; Western Meadowlark; Red-winged and Brewer's Blackbird; House Finch; Pine Siskin; Rufous-sided and Brown Towhee; Savannah Sparrow; Slate-colored and Oregon Junco; White-crowned, Golden-crowned, White-throated, Fox, Lincoln's and Song Sparrow.

CONSERVATION MONTH

California Conservation Week—March 7 to 14—followed by National Wildlife Week—March 20 to 26—would be most appropriate periods for you

to write or wire your Congressman or Senator in behalf of those conservation measures you believe in. Our legislators are back in session at Washington. The Wilderness Bill S. 1123 and the National Shoreline Recreation areas bills, which would include Pt. Reyes, should receive early consideration. The Sierra Club suggests that we write Senator Thomas Kuchel, Senate Office Bldg. Washington, re: The Wilderness Bill.

Water pollution control is generally admitted to be one of the most acute problems menacing wildlife, fisheries and human health in this land of mushrooming cities and industries. Both houses of Congress and the President's own Advisory Board have overwhelmingly endorsed H. R. 3610 which would increase federal aid to municipalities for sewage plant construction. President Eisenhower indicated he would VETO such action and even recommended reducing the current allotments. In this case your views should be expressed directly to the White House.

Financial commitments by our Division of Beaches and Parks in connection with Squaw Valley development appear to threaten future development plans for many other state beach, park and monuments projects, so why not express your own views on this problem to Governor Brown or Chairman of the Park Commission. If you are still in doubt as to what you can do about conservation write to the California Conservation Council, 911 Santa Barbara Ave., Santa Barbara.

PAUL F. COVEL, *Conservation Chairman*

A few other items along the line of conservation: A new 4-cent water conservation stamp will be the opening feature of the 7th National Watershed Congress which will be held in Washington, D. C. April 18 & 19. The 1960 Wildlife Conservation Stamps are now available through the National Wildlife Federation. A book to be owned by all conservationists is *This is the American Earth*, by Ansel Adams and Nancy Newhall. A new publication that aims to keep the public informed accurately on all subjects dealing with national lands is the *National Wildlands News* with Devereaux Butcher (author of *Seeing America's Wildlife* and *Exploring Our National Parks and Monuments*) as editor. The subscription for this timely news bulletin is \$1.00 per year. Address: National Wildlands News 2607 Connecticut Avenue, Washington, 8, D.C.

SAN FRANCISCO INTERNATIONAL NATURE COLOR SLIDE EXHIBITION SCHEDULE

We hope to see several winning slides by our members, so here is a schedule of when and where they will be shown:

March 16, 8 p.m.; March 18, 7:45 p.m. Morrison Auditorium, Golden Gate Park.

March 21, 8 p.m. Chabot School, Chabot Rd. & Patton St. Oakland

March 23, 8 p.m. San Francisco Museum of Art, Van Ness & McAllister Sts. San Francisco.

The Hamilton Naturalist's Club of Ontario is sponsoring an International Exhibition of Nature Photography in April 1960. The deadline for entries is March 25, and the subjects may include anything which "portrays a portion of nature." Winning slides will be shown in Hamilton, Niagara Falls and London. For additional information and entry forms, write: John B. Giles, Exhibition Chairman, Hamilton Naturalist's Club, Main Post Office, Box 384, Hamilton, Ontario, Canada. The entry fee is \$1.00.

MARCH MEETING

The 505th regular meeting of the Golden Gate Audubon Society will be held on Thursday, March 10, at 7:30 in the Rotary Natural Science Center on Lake Merritt in Oakland, near the duck-feeding area. Mrs. Junea Kelly will speak on "Some Bird Adventures in Australia." Mrs. Kelly and our president, Roberta Long, have recently returned from a three-months' trip to Australia and New Zealand. Note: Mrs. Kelly is the popular conductor of SIX TRIPS AFIELD, a Nature Study course given through the University of California Extension Division.

A no-host dinner preceding the meeting will be held at Conover's Restaurant, Perkins and Grand Ave., just one block from the Science Center. Six o'clock. Everyone welcome.

BONNIE SMITH, *Program Chairman*

FIELD TRIPS FOR MARCH

On Sunday, March 6, to Rodeo Lagoon. Meet at the parking area just north of the Golden Gate Bridge at 9 a.m. This is always a very interesting trip with many species of water birds present on either the ocean or the brackish lagoons behind the sandbar. Early spring migrants and Allen Hummers can be expected. Leader, JERRY PHILLIPS, HE 1-2936

On Sat. & Sun. March 12, 13, to Moss Landing and Monterey, overnight. On Sat. take U.S. 101 So. of San Jose to the Monterey peninsula cutoff (route 156) 9 miles north of Salinas. Turn west to Castroville, then north (right) on Route 1 for 3 miles. Meet at 9:30 a.m. near the bridge over Elkhorn Slough. Distance from Bay Area, 110 miles. Driving time 3 hours. This trip offers beach, ocean, lagoon, pond, marsh and open grassland habitat in one package. After lunch, to the piers in Monterey. Meet at 2:30 p.m. at the S.P. depot. A tour will be made of the wharves where we hope to see cormorants, loons, grebes, gulls and other water birds. Motel reservations can be made in Pacific Grove in the vicinity of the butterfly trees. This will be a good starting point for the Sunday trip to hear and see owls in Carmel Valley. Owlers meet at 4 a.m. at Carmel Mission in Carmel. Others meet in Point Lobos State Park, Bird Rock area at 9 a.m. Bring bag lunches for both days, binoculars, telescopes and interested friends.

Leader, RICHARD STALLCUP, LO 9-3185

On Saturday, March 26, to Tilden Park. Some summer residents may be expected along with transients and wintering species in this "Close to home" area. Orange-crowned and Wilson's Warblers should be seen. Meet at Spruce

St' Reservoir at 9 a.m. From San Francisco, take 8:07 F bus and transfer to No. 67 bus at University Ave. Leader, L. R. LEINBACH, LA 6-7649

On Sunday, April 3, to the Farallon Islands on Privateer II. Departure will be from Berkeley Harbor at 5:30 a.m. with a later pick up of passengers in San Francisco. Complete information as to time, clothing, etc will be sent to all who reserve a space. Fee \$8.50 per person. This should be sent to the Field Trips Chairman, Harold G. Peterson, 3548 65th Ave., Oakland 5, with your name, address and PHONE number. Make all checks payable to the Golden Gate Audubon Society Inc. Names will be placed on the passenger list in the order received. Leader to be announced. Space limited.
